SYSTEM CONTROLS

HANDLING OF CLIENT'S FEEDBACK

PURPOSE/S • To monitor and measure clients' satisfaction for improvements.

PROCESS OWNER • Quality Management Coordinator

SCOPE • This procedure covers clients' feedback including complaints, comments suggestions, and commendations.

QUALITY OBJECTIVES • 100% of client's feedback whether complaints, comments, suggestions and/or commendations shall be controlled and be addressed without undue delay.

PROCEDURE

1. To monitor and measure customer satisfaction on a daily delivery of services, Client's Feedback Form (FM-DNSC-HCF-01) shall be placed along with the Suggestion Box in strategic places as stated in the Citizen's Charter of respective Frontline Service Providers.
2. Every fortnight, the HRMO in-charge shall initiate the opening of the suggestion box. The collected feedback shall subsequently be organized into a tabulated format.
3. The compiled feedback shall be directed to the QMC for consolidation, analysis, and subsequent endorsement to the respective personnel or office. This process shall take place monthly and bear the signatures of both the QMC and the College President.
4. In case of complaints, the QMC shall issue a Request for Action on Client's Feedback form to a responsible person/office for action and close it out once the complaint is addressed. Otherwise, a CAR (FM-DNSC-CAR-01) shall be issued for critical complaints. Complaints are considered critical if they are non-conformance to the process which will lead to breakdown of the system.
5. As an electronic alternative to the physical client feedback form, an online form is available via this link: <http://dnsc.edu.ph/clientfeedback>. This digital form shall be seamlessly accessible by the QMC for aggregation, tabulation, and necessary actions.
6. The QMC shall assemble a bi-annual comprehensive report of clients' feedback for presentation during the management review.
