PART I

Accessing the GEMP System Portal

Needed:
❖ Laptop/Desktop Computer ❖ Internet Connections ❖ Log-Credentials (Username and Password)

1. ACCESSING THE GEMP SYSTEM PORTAL

1.1 How to access the GEMP System URL

- Step 1.** Open an internet browser (e.g. Google Chrome, Firefox, Microsoft Edge, etc.)
- Step 2.** Type in the Uniform Resource Location (URL) of the GEMP System into the browser – **gemp.doe.gov.ph**

Note: You may bookmark the page by clicking the “” icon on the right-most side of your browser to save the URL of the GEMP System for easier access in the future. You may rename the page to “GEMP System”, then click the “Done” button.

Bookmarking the GEMP System URL

GEMP System Login Page

1.2 How to Login

- Step 1. Type in your given login credential
Username: Type of GE + GE Code

	Department of Energy Government Energy Management Program (GEMP) System
LGU1234-567	Step 1
Password	Step 2
SIGN IN	Step 3
Forgot Password?	

Login Page

- Step 2. Type in the default/new password
Temporary password: password123
- Step 3. Click the “Sign In” button.
- Step 4. Upon initial login, a pop-up window will display requiring the user to change the password.

Change Password:	
New Password:	Step 5
Confirm Password:	Step 6
Change Password	Step 7

Change password window

- Step 5. Type in the new password
- Step 6. Retype the new password
- Step 7. Click the “Change Password” button

Once the password has been successfully changed, you will be automatically logged out of the system. To log in, follow steps 1 to 3 of the How to Login.

1.3 How to Navigate the Home Page/Dashboard of the GEMP System

After successful login, you will be directed to GEMP System – Home Page

Home Page

- The home page will display the following menu bars:
- EEC Issuance
 - Directory of Officials (Head of Agency, EEC Officer and EEC Focal Person(s))

**GOVERNMENT ENERGY MANAGEMENT PROGRAM (GEMP)
ONLINE SYSTEM**

- Enroll Accounts and Vehicles (Electricity Meter/Account No.(s) and Motor Vehicles)
- Consumption (Electricity and Fuel)
- Buildings
- The home page also shows some miscellaneous features such as EEE Awardees, Top Performers GE, Frequently Asked Questions among others

PART 2

Updating of Agency Profile

Needed:	
❖	Official Logo of the Agency
❖	Updated Profile of the Government Agency • Agency Classification • Agency Group • Island Group • Official Name of the Agency • Address • Region • Province • City/Municipality • Barangay • Agency Email • Agency Phone No. • Agency Fax No. • Income Class (For LGUs)

2. UPDATING/EDITING PROFILE OF THE AGENCY

2.1 How to update/edit the profile of the Agency

Step 1. Click the “Agency Icon” on the menu bar

Step 2. Click the “Profile” Button

You will be directed to the Profile Page of the agency where you can see the general information and profile of the agency.

PART 5

Enroll Accounts and Vehicles

Needed:
❖ Electricity Meter Accounts ▪ Electricity Meter Accounts Information ❖ Motor Vehicles ▪ Motor Vehicles Information

5. ENROLL ACCOUNTS AND VEHICLES

5.1 How to Enroll Electricity Meter/Account Number(s)

Step 1. Select the “Enroll Accounts and Vehicles” in the menu bar

Step 2. Click the “Electricity Meter/Account Number(s)”

You will be directed to the Data Entry Page for the Electricity Meters/Accounts.

Step 3. Enter the necessary information such as the electricity meter/account no. and the name of the electric power distributor

The screenshot shows the 'Department of Energy - Test Account - Inventory - Meter Accounts' page. The 'Account Number' field is highlighted with a red box and contains the value '1234567890'. The 'Electric Power Distributor' field is also highlighted with a red box and contains the value 'MERALCO'. A red box highlights the 'Add Account Meter' button at the bottom left. The URL at the bottom is 'Data Entry Page: Electricity Account/Meter'.
Data Entry Page: Electricity Account/Meter

GOVERNMENT ENERGY MANAGEMENT PROGRAM (GEMP)
ONLINE SYSTEM

Step 4. Once you have entered the necessary information, click the “Add Account Meter” button to save the data.

You will then be directed back to the Electricity Meter/Account Page where you can see the information that was recently registered.

Note: All electricity meters/accounts of the agency must be registered in the GEMP System.

Electricity Meter/Account No. Page

5.2 How to edit electricity meter/account number

Step 1. Select the  icon on the right side of the row of the account you want to edit

Electricity Meter/Account No. Page

Frequently Asked Questions

I. Specifications

*Plate No.: ABC123

*Vehicle Category: SUV

*Model/Brand Name: Toyota

*Year Model: 2019

*Year of Acquisition: 2020

*Owned/Rent: Owned

*Type of Fuel: Diesel

*Transmission: Manual

Go Back Add Vehicle

Data Input Page - Vehicle

Step 4. Once you have entered the necessary information, click the “Submit” button to save the data.

The screenshot shows a form titled "Data Input Page - Vehicle". It includes a dropdown menu for "Transmission" which is currently set to "Manual". Below this, there are two buttons: a blue "Go Back" button and a red "Add Vehicle" button. The "Add Vehicle" button is highlighted with a red rectangular box.

You will be directed to another page where you can indicate the status (Operational / Non-operational) of the vehicle from the year of acquisition to the present period. On the left side portion, it will display the specifications of the vehicles that you have initially entered.

The screenshot shows the "Vehicle Status Page" within the "Department of Energy - Test Account - Accounts" system. The page is divided into two main sections. Section I, titled "I. Specifications", is on the left and contains several dropdown menus for vehicle details: "Plate No." (ABC123), "Vehicle Category" (SUV), "Model/Brand Name" (Toyota), "Year Model" (2019), "Year of Acquisition" (2020), "Owned/Rent" (Owned), "Type of Fuel" (Diesel), and "Transmission" (Manual). Section II, titled "II. Status of Vehicle from 2015 to Current Year", is on the right and includes a "Year" dropdown (set to 2022), a "Status" dropdown, and an "Add Record" button. Below these sections is a table with columns for "#", "Year", and "Status".

Vehicle Status Page

While on the right side of the page, is the portion where you can enter the status of your vehicle for a specific year.

Step 5. Indicate the respective status of the vehicle from the year of its acquisition.

This screenshot is a close-up of the "II. Status of Vehicle from 2015 to Current Year" section. The "Year" dropdown menu is open, showing a list of years from 2020 down to 2015. The "Status" dropdown is also visible, with a red border and a message indicating it is required. An "Add Record" button is located to the right of the status dropdown.

Status Entry Page - Year selection

Step 6. Select the status of the vehicle for the specific year,

This screenshot is a close-up of the "II. Status of Vehicle from 2015 to Current Year" section, focusing on the "Status" dropdown. The dropdown is open, showing three options: "Operational", "Non-operational", and "For Disposal". The "For Disposal" option is highlighted. The "Year" dropdown is set to 2020, and the "Add Record" button is visible to the right.

Status Entry Page - Status Input

Consumption – Electricity and Fuel

Needed:
❖ Electricity Consumption Reports ▪ Scanned Copy of the Electricity Consumption Bill ❖ Fuel Consumption Reports ▪ Scanned Copy of the Summary of Fuel Consumption

6. SUBMISSION OF ELECTRICITY AND FUEL CONSUMPTION REPORTS

Notes:

- All Electricity meter/account numbers should be registered prior to the submission of consumption data.
- Electricity consumption report to be accomplished per meter/account no.
- Information to be entered:
 - Consumption in KWh/month
 - Consumption in Peso/month
 - Copy of electricity bill/month

6.1 How to submit electricity consumption report

Step 1. Under the Consumption Tab, click “Electricity”

You will be directed to the Electricity Consumption Entry Page where you can enter your monthly consumption per year, per electricity meter/account.

You will be directed to the Inventory Page where you can see the different type of energy consuming equipment that you can register in the system, to wit:

GOVERNMENT ENERGY MANAGEMENT PROGRAM (GEMP)
ONLINE SYSTEM

- Air-conditioning Unit (ACU) – Inverter and Non-Inverter/Conventional
- Lighting – Light Emitting Diode (LED) or Non-LED
- Energy Consuming Equipment (Desktop Computer, Laptop, Printer, Scanner, CCTV, Refrigerator, Server, etc.)

Step 3. Select the ACU

The screenshot shows the Department of Energy - Test Account page. The breadcrumb trail is: Home / Accounts / Building / Office / Inventory - ACU. The page title is "Department of Energy - Test Account" and the subtitle is "Main Building / EPSMD / ACU Inventory / Inverter For the Year: 2016". There is a "Frequently Asked Questions" button. Below the header, there are three tabs: "ACU", "Lighting", and "Energy-consuming Equipment". The "ACU" tab is selected and highlighted with a red box.

Step 4. Select either Inverter or Non-inverter

The screenshot shows the same Department of Energy - Test Account page. The breadcrumb trail is: Home / Accounts / Building / Office / Inventory - ACU. The page title is "Department of Energy - Test Account" and the subtitle is "Main Building / EPSMD / ACU Inventory / Inverter For the Year: 2016". There is a "Frequently Asked Questions" button. Below the header, there are three tabs: "ACU", "Lighting", and "Energy-consuming Equipment". The "ACU" tab is selected. Below the tabs, there are two buttons: "Inverter" and "Non-Inverter". The "Inverter" button is selected and highlighted with a red box.

Step 5. Once you have chosen the category of the ACU, click the “Add Inverter/Non-Inverter Air-conditioner(s)” button

The screenshot shows the same Department of Energy - Test Account page. The breadcrumb trail is: Home / Accounts / Building / Office / Inventory - ACU. The page title is "Department of Energy - Test Account" and the subtitle is "Main Building / EPSMD / ACU Inventory / Inverter For the Year: 2016". There is a "Frequently Asked Questions" button. Below the header, there are three tabs: "ACU", "Lighting", and "Energy-consuming Equipment". The "ACU" tab is selected. Below the tabs, there are two buttons: "Inverter" and "Non-Inverter". The "Inverter" button is selected. Below the buttons, there is a "Go Back" button and a green button labeled "+ Add Inverter Airconditioner(s)". The green button is highlighted with a red box. Below the buttons, there is a table with the following columns: #, Type of ACU, Status, Year/ Aquired, Cooling Capacity (KJ/hr), Capacity Rating (Hp/TR), Power Input (W), EER, No. of operating hours/day, No. of days per month, Quantity, Estimated Consumption (kWh) / (Y), Estimated Consumption (Php) / (Y), Date Added, and Own/ Leased. The table has a "TOTAL" row with values 0.00 and 0.00.

Step 6. In the pop-up window, enter the following information:

- Type of Lamp (Bulb, Linear, etc.) – Dropdown or you can directly type in box the type of Lights if not included in the pre-identified list of Lights.
- Wattage of the light (Watts)
- No. of operating hours per day
- No. of days per month
- Quantity
- Status (Operational or Non-operation)

TOTAL							0.00	0.00	

Step 4. Click the “Add Office Equipment” Button

The screenshot shows the Department of Energy - Test Account interface. The breadcrumb trail is: Home / Accounts / Building / Office / Inventory - Energy-consuming Equipment. The page title is "Main Building / EPSMD / Energy-consuming Equipment For the Year: 2016". There is a "Frequently Asked Questions" link. Below the title, there are tabs for "ACU", "Lighting", and "Energy-consuming Equipment". The "Energy-consuming Equipment" tab is active. Below the tabs, there are two buttons: "Go Back" and "+ Add Office Equipment". The "+ Add Office Equipment" button is highlighted with a red box. Below the buttons is a table with the following columns: #, Type of Office Equipment, Status, Wattage (W), No. of operating hours/day, No. of days per month, Quantity, Estimated Consumption (kWh) / (Y), Estimated Consumption (Php) / (Y), and Date Added. The table has one row with the value "TOTAL" and two rows with the value "0.00".

- Step 5. In the pop-up window, enter the following information:
- Type of Energy-consuming Equipment (Desktop Computer, Laptop, Printer, Scanner, CCTV, Refrigerator, Server, etc.)
 - Wattage of equipment (Wattage)
 - No. of operating hours per day and days per month
 - Quantity
 - Status (Operational/Non-operational)

The screenshot shows a pop-up window for adding office equipment. The window has a dark blue background and a light blue border. It contains the following fields and labels:

- *Energy-consuming Equipment: Desktop Computer
- Wattage (W): 150
- *No. of operating hours/day: 8
- *No. of days per month: 21
- *Quantity: 18
- *Status: Operational (dropdown menu)

At the bottom of the window, there are two buttons: "Submit" (green) and "Close" (blue).

Step 6. Once you have entered the necessary information, click the “Submit” button to save data

You will then be directed back to the Inventory Page where you can see the recently registered information.

To register other energy-consuming equipment, repeat steps 1 to 7 of Data Input: Inventory – Energy-consuming Equipment

7.6 How to view/edit the building of the Agency

Viewing/Editing: Building (Additional Structure, Rehabilitation, Demolition of some portion, Change in gross floor area, air-conditioned area etc.)
